HOTEL . YANGON

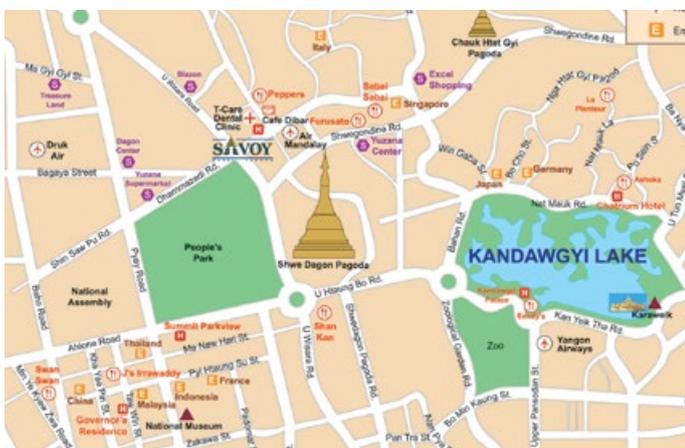

PERFECTIONISM IN DETAIL

The Savoy Hotel is a four star colonial boutique hotel committed to personalized and attentive service. It is ideally located in a picturesque area of Yangon overlooking the Shwedagon Pagoda, Myanmar's "twinkling wonder" and nearby the People's Park.

All 24 deluxe rooms and six suites express the charm of "the old days" with traditional Myanmar antiques, teak furniture and spacious bathrooms. Nicely overshadowed by tall old trees, the large pool with its lounge area makes the Savoy Hotel a silent oasis in the middle of the buzzing city.

The Savoy Hotel provides a wide range of culinary choices. The "Kipling's" Restaurant offers a fusion of Asian and Western cuisine where traditional recipes and secrets are combined to create mouthwatering dishes, all of this whilst enjoying a splendid view of the Shwedagon Pagoda. The "Captain's Bar" is the heart of the hotel and famous throughout Yangon, offering cocktails, snacks, weekly live music and live sports events on a wide screen television.
